List of papers	vi
Related work.....	vii
List of abbreviations	viii
Summary in English	1
Dansk resumé	4
1. Introduction	7
1.2 Objectives of the PhD thesis.....	7
2. Background.....	9
2.1 Nutrition	9
2.1.1 Agriculture-nutrition linkages	9
2.1.2 Insects as animal source foods.....	11
2.1.3 Nutritional composition.....	11
2.2 Insect farming systems	13
2.2.1 Domesticating insects	13
2.2.2 Cricket farming techniques.....	14
2.3 Sustainable diets	15
2.3.1 Components of sustainable diets	15
2.3.2 Environmental impacts of animal production systems	16
2.4 Sustainable livelihoods	16
2.4.1 Defining a sustainable livelihood	16
2.4.2 Insects and rural livelihoods in Sub-Saharan Africa and Southeast Asia.....	16
2.5 Adoption of new technologies.....	17
2.6 Regulatory frameworks governing the use of insects.....	18
3. Methodology.....	20
3.1 Study setting	20

3.2 Study design	21
3.3 Data collection and analysis	22
3.3.1 Paper I.....	22
3.3.2 Paper II	23
3.3.3 Paper III.....	23
3.3.4 Paper IV.....	27
3.3.5 Paper V	28
3.4 Ethical considerations.....	33
4. Paper I.....	34
5. Paper II	43
6. Paper III.....	57
7. Paper IV.....	71
8. Paper V	84
9. Discussion.....	112
9.1 Summary of findings.....	112
9.1.1 Summary of Paper I findings.....	112
9.1.2 Summary of Paper II findings	112
9.1.3 Summary of Paper III findings	112
9.1.4 Summary of Paper IV findings.....	113
9.1.5 Summary of Paper V findings	113
9.2 Status of legislation and policy governing insects as food	113
9.2.1 Recent developments in the regulatory arena.....	113
9.2.2 Future challenges.....	115
9.3 Environmental sustainability and insect farming	116
9.3.1 Global warming potential	116
9.3.1 Feed, a major hotspot.....	117
9.3.2 Data gaps	117
9.4 Cricket farming as a livelihood diversification strategy.....	118

9.4.1 Organizations and groups	118
9.4.2 Motivation and resource sharing	118
9.4.3 Consumption.....	119
9.5 Cricket farming in Kenya and Thailand	119
9.6 Strengths and weaknesses.....	120
9.6.1 Strengths	120
9.6.2 Weaknesses.....	121
9.7 Areas of future research.....	121
9.7.1 Potential role in humanitarian assistance programmes and school feeding.....	121
9.7.2 Dietary transition and sustainable diets	122
9.7.3 Metrics for agriculture and nutrition actions	122
9.7.4 Multidisciplinarily	123
10. Conclusion.....	124
