ENGLISH SUMMARY	9
DANSK RESUMÉ	11
1 INTRODUCTION	13
1.1 Objectives of the PhD thesis	13
2 BACKGROUND	14
2.1 Severe acute malnutrition.....	14
2.1.1 Introduction to severe acute malnutrition	14
2.1.2 Malnutrition and diarrhea	14
2.2 Diarrhea.....	16
2.2.1 Diarrhea epidemiology, morbidity and mortality	16
2.2.2 Dehydration	16
2.2.3 Rehydration regimens	17
2.2.4 Rehydration solution	18
2.2.5 Treatment of profuse diarrhea in children with severe acute malnutrition.....	19
2.2.6 Diarrhea etiology	19
2.2.7 Diarrhea data collection.....	21
2.3 Probiotics	25
2.3.1 Definition of probiotics and origin of LGG and BB-12.....	25
2.3.2 Probiotics and meta-analyses	26
2.3.3 Probiotics and diarrhea.....	27
2.3.4 Probiotics and respiratory infections	28
2.3.5 Probiotics and growth.....	29
2.3.6 Safety	30
2.3.7 Probiotic mechanisms	31
3 METHODS	35
3.1 Study site.....	35
3.2 Study population.....	36
3.3 Intervention	37

3.4 Design and objectives	37
3.5 Standard treatment at Mwanamugimu Nutrition Unit	38
3.5.1 Nutrition	38
3.5.2 Antibiotics	39
3.6 Study specific procedures.....	39
3.6.1 Stool diary	39
3.6.2 Validation of the stool diary	40
3.6.3 Pneumonia.....	42
3.6.4 Weight gain measurement	42
3.6.5 Safety assessment procedures	42
3.6.7 Laboratory tests.....	43
3.7 Outcomes	44
3.7.1 Primary outcome.....	44
3.7.2 Secondary outcomes.....	44
3.8 Study product compliance.....	45
3.9 Safety	46
3.10 Statistics.....	46
3.11 Study monitoring.....	46
3.12 Ethical considerations.....	47
4 PAPER 1	48
5 PAPER 2	74
Paper 2, supplementary results.....	95
6 PAPER 3	101
7 DISCUSSION AND PERSPECTIVES	119
7.1 Introduction.....	119
7.2 Summary of findings	119
7.2.1 Summary of findings paper 1.....	119
7.2.2 Summary of findings paper 2.....	119
7.2.3 Summary of findings paper 3.....	120
7.3 Probiotics and diarrhea.....	120
7.3.1 Inpatients vs. outpatients	120
<i>Summary of in- versus outpatient diarrhea</i>	<i>124</i>
7.3.2 Environmental enteric dysfunction, probiotics and diarrhea.....	125
7.3.3 Probiotics and diarrhea in low-income vs high-income countries.....	125
7.4 Secondary outcomes	126
7.4.1 Respiratory infections	126
7.4.2 Growth	127
7.4.3 Other secondary outcomes.....	127

7.5 Safety of probiotics in children with severe acute malnutrition	127
7.6 Challenges of assessment of diarrhea in children with severe acute malnutrition	130
7.6.1 Definition of diarrhea	130
7.6.2 Development and validation of tools	132
7.6.3 Training of caregivers	133
7.7 Diarrhea, dehydration and mortality	133
7.7.1 Diarrhea, dehydration and mortality	133
7.7.2 Admission versus hospital-acquired diarrhea	133
7.7.3 Rehydration – a challenge	134
7.8 Strengths and limitations.....	134
7.9 Implications for practice	136
7.10 Implications for future research.....	137
8 CONCLUSIONS	137
REFERENCES	139
APPENDIX I SAFETY STATEMENT REGARDING BB-12 AND LGG	154
