

TABLE OF CONTENTS

ENGLISH SUMMARY	7
SAMMENDRAG (DANISH SUMMARY).....	9
LIST OF PAPERS.....	11
1. INTRODUCTION.....	13
2. OBJECTIVES	17
3. BACKGROUND.....	19
3.1 Anthropometry - measuring growth and nutritional status.....	21
3.1.1 Anthropometry – assessment of body size	21
3.1.2 Anthropometry – assessment of body composition.....	22
3.2 Quality of complementary food	24
3.3 Fortified blended foods (FBF).....	27
3.4 Linear programming – a tool to assess capability of local food items	28
3.5 Improved complementary food and impact on growth – literature review	30
3.6 The WinFood study	32
4. MATERIAL AND METHODOLOGY.....	35
4.1 Study setting.....	35
4.2 Planning and time schedule.....	36
4.3 Study population	36
4.4 Study design	37
4.5 Nutritional intervention	38
4.6 Data collection.....	40
4.7 Cross- sectional survey.....	45
4.8 Training of staff and supervision.....	46
4.9 Ethical considerations.....	46
5. COMPLEMENTARY FOOD IN CAMBODIA (PAPER I).....	47
6. CORRELATES OF BODY COMPOSITION (PAPER II).....	71
7. LINEAR PROGRAMMING (PAPER III).....	89
8. GENERAL DISCUSSION.....	101
8.1 Window of opportunity – too broad or too narrow	102
8.2 Strength and limitation in the outcome measurements.....	104
8.3 Linear programing and quality in complementary food.....	106
9. CONCLUSIONS	109
10. PERSPECTIVES.....	111
11. REFERENCES	113
